

Our Mission

- 1 Fight Climate Change.
- 2 Create Social Value.
- 3 Decarbonise UK Homes.

PNZ Carbon is facilitating the UK's transition to Net Zero by 2050 by funding the affordable decarbonisation of homes, powered by the demand for transparent, localised carbon credits.

The Challenge

6.7 million

UK households live in fuel poverty.*

£857m annually

Cost of poor housing to the NHS through cold-related illnesses.**

25%

Of UK carbon emissions are accounted to homes.

£500bn

Needed to upgrade UK homes by 2050.

The Solution: **PNZ Carbon's high-integrity carbon credits.**

A first-of-its-kind model delivering verified, UK-based carbon credits from local retrofit projects.

Improves Energy Efficiency of Homes

Reduces bills for residents

Boosts residents' health and wellbeing

PNZ Carbon's carbon credits unlock private sector finance to accelerate decarbonisation across social and private housing.

Delivering *transparent, measurable*, and *auditable* carbon reductions.

Recognition and Integrity

**The ASHDEN
Awards 2023**

Winners 2023

**Unlock Net Zero
Awards**

Finalists 2024 and 2025

Why Partner with PNZ Carbon

- 1 Offset emissions with local, verified carbon credits from UK housing retrofit projects.
- 2 Invest directly in communities around your business operations and see tangible results.
- 3 Build a credible and transparent ESG story while delivering real impact.

Social Value

In proud partnership with Housing Association Charitable Trust (**HACT**), PNZ Carbon uses the UK Social Value Bank to quantify community impact. Our carbon credits measure both *Emissions Reductions* and *Social Value*.

Every **1** tonne of **Emission Reduction** can create up to **£500** in **Social Value**

Our Impact

125,000+*

Retrofit project activities supported.

200+*

Housing providers, local authorities + installers engaged.

180,000+*

Tonnes of annualised emission reductions quantified.

£100m+*

Annualised Social Value generated within UK communities.

*As analysed since project inception and as subject to ongoing verification via accredited Validation and Verification Bodies (VVBs).
