

## Business Analyst

### About Carbonplace

An exciting opportunity to rapidly scale and shape a start-up committed to driving climate action. Carbonplace is a global carbon credit transaction network that will enable the simple, secure, and transparent transfer of certified carbon credits. Developed by a group of financial institutions, Carbonplace's unique blockchain-enabled distributed ledger technology will enable the trust, transparency, and accessibility required to open the voluntary carbon market to the world and accelerate global climate action. In joining this new & unique venture, you will engage with teams that have a startup mindset without the worry of associated start up risks. You will be working with a consortium of financial institutions with a core objective of executing MVP and Series A funding.

### About This Role:

Carbonplace are seeking a highly driven and motivated Business Analyst to join the team. This is a hands-on role with a high level of autonomy to create a vision and roadmap for success. You will work across several streams helping us build the company infrastructure to deliver our vision. We are looking for an individual with experience in carbon markets and passionate about driving the transition to net-zero.

### Responsibilities:

- Support the management team to deliver the business plan
- Draft policies to support the expansion of our team
- Design and manage our client onboarding process
- Interface with key stakeholders to discuss the key priorities of our organisation

### Location and Commitments:

We offer hybrid working, with a minimum of 2-3 days a week in the City of London office.

### Candidate Requirements:

- 3+ years experience, ideally within a FinTech or start-up
- Enthusiastic about the carbon markets and able to adapt to an ever-changing landscape and manage changing priorities.
- You take an entrepreneurial and collaborative approach and have excellent interpersonal and communication skills.
- You can manage multiple priorities successfully and are able to make effective/informed decisions under pressure.

### Important information:

- A degree or equivalent professional qualifications are preferred, although not required.
- We are hoping for someone who can join Carbonplace promptly, commencing in this role from Q4 2022.

### Remuneration & Benefits:

Competitive based on experience.
